

Australia (Poem 2)

Australia is my home country
It's where I'll always be
I'll never leave my country
It's been so dear to me
Every moment of my life
I've talked the Aussie drawl
Mixed with Aussies all the time
And really had a ball
Advance Australia Fair
is heaven to me now
The Aussie anthem that we all call a vow
Come on all we Aussies
we all must act as one
and in the near future
we have to have some fun
Come on Aussies come on!
