Charlie 111

I'm just a little bird and was really -
Adventure bent
But when I tumbled out the nest -
My claw just went
But I've still got a good one -
So I shouldn't be mad
Cos one out of two -
Well it ain't so bad

You know all day I live in a little cage
When the human comes around -
I get in a rage
But wait! I've heard of birds -
Put to the slaughter

So I'm not doin' bad -
With my seeds and water
My boss is a good bloke -
Sometimes brings me a thistle
But the best thing he brings -
Is a macho whistle
I'm just a plain looking bird -
With feathers of grey
When I'm outta this cage -
I'll just yell hoo-ray!

Although my master is a good educator
When I gits outa here -
It'll be see ya later!
