Fun in The Sun

I love to sit beneath the trees on a
Warm and sunny day and watch the
Birds as they jump around and play
Then fly away.
The children playing in the park nearby
Are having so much fun, it's nice to hear
Them singing out, Hey Mum, come have
Some fun.
The dogs that are always in the park are
Having their fun too, like jumping up and
Chasing you, that's all that they can do
The clouds are starting to cover the sun
So it's time for me to go
And leave this lovely happy spot we all
Have come to know.
