Kosciuszko for The Day

A family day out in the famous resort
Where our children can play in the snow
And climb to the top to go
Heading down to get their boards moving fast
To see who would come last
Dad was eagerly waiting at the bottom
Of the long run
To collect the children
They were moving so fast
Dad was not aware of the speed
Dad was unaware of the speed
And as they approached the end of the run
He took a tur left to avoid a skier
And finished up wet in the dam
