Memo

Narrabri

To:	Residents, Families and Team	Jessie Hunt
From:	Ros Anderson	Administration Clerk
Date:	15 March 2023	
Subject:	Noisy works planned week of 20.03.2023	

Hi everyone,

An update on the plans for the week commencing 20/02/23, we do expect some further noisy works – jack hammering in the kitchen removing existing tiles, this will again be completed intermittently with ceased works during meal time.

It is pleasing that the overall feedback from yourselves at this point of the renovations is that the impact is limited with the noisy works occurring.

I ask again that you do advise the team if you are experiencing any issues or have concerns regarding these works.

Monday 20/03/23 a day trip has been arranged to Robert Young for those residents that wish to participate. Residents will be transported by bus to Robert Young around 09.00am.

We appreciate that this will cause noise and disruption to you all and appreciate your understanding.

Kind Regards

Ros Anderson Administration Clerk
