Domestic Assistance

A clean, tidy home can make living independently at home much easier! It can also make a positive difference to your health, wellbeing and safety.

Domestic Assistance through CHSP provides you with extra support to keep your home clean and tidy - from general housework and cleaning, to helping with the washing or ensuring your kitchen is stocked with nutritious food.

Our dedicated, qualified and experienced care workers work with you to ensure your home is cared for just the way you like it. They also understand the importance of strong and mutually trusting relationships and enjoy getting to know you, what's important to you and how to support you at home.

How to access Domestic Assistance through CHSP:

The Commonwealth Home Support Program (CHSP) is a government program that supports older people who are still living independently at home but want some extra assistance, such as home help or attending social groups. The service is subsidised so your cost is much lower.

To be assessed for CHSP services you will need to be assessed by the Regional Assessment Team. Please contact us for assistance with organising this.
